

# "Kaizen-Do Karate transformed my son FROM a shy, sensitive boy who lacked self-confidence TO a confident child with self-belief and great progress at school."

**YOUR CHILD can accomplish what he has become once they start with Kaizen-Do Karate.**

~Mrs. Becky McCullough, Midwife, parent of happy Black Belt, Thomas.

Dear Parents,

I recently heard someone say - no matter your decision, do it with strength and conviction even if you are unsure if it is the right one. This is because weak decisions lack magic and power despite the idea's amazingness. So we give up on and fail at our weak decisions.

If you want your kids to thrive, they must first know that they can. It sounds simple, but it is their greatest downfall and obstacle to true, lasting success.

## **Why your Child needs Sensei Dervish's Kaizen -Do Karate?**

With Sensei Dervish's Kaizen-Do Karate, your child will have better grades and increase self-discipline, self-confidence, mental alertness, and goal-setting skills.

Why?

Sensei Dervish's Kaizen-Do Karate is no ordinary Martial Arts school. Instead, Sensei Dervish's instructors work hand in hand with school teachers and parents to ensure a well-balanced and focused development process for each child.

**"My six-year-old has grown in confidence, is listening and focusing more and school and home. He has a huge sense of pride with each new belt."**

**~Vikki Mills, parent of Oliver Mills**

## **What Can Sensei Dervish's Kaizen-Do Karate Give Your Child That Other Martial Arts Can't?**

Here are the facts, Most Martial Arts Clubs are just that, 'clubs', they are run by part time instructors who have another job. Our team of Sensei's are full time professionals and focus on your child's goals, their school grades and making them the best they can be.

You know that your child must learn to set short-term, intermediate, and long-term goals.

They must learn never to be abusive or offensive and to use Karate as self-defence only

And all this is the final goal for your child in Sensei Dervish Kaizen-Do Karate school. All our team are highly graded expert Black Belts and are DBS checked and first aid trained, they also undergo safe-guarding training.

In Martial Arts Black belt is a symbol of excellence. That is why every child's goal is Black Belt at Sensei Dervish's Kaizen-Do Karate.

It is essential for developing desire and tenacity and teaching the importance of follow-through in any activity.
