Introducing Sensei Dervish's Kaizen-Do Karate School

That focuses on "character building" and teaches various "life skills," not just punches and kicks.

Kaizen-Do Karate will help your child get better grades.

Sensei Dervish's instructors work hand in hand with lots of school teachers and parents to ensure children do better in school.

Proper use of skills

It is constantly stressed to all students that karate skills require them never to be abusive or offensive and are only for use defensively.

We are NOT a typical sport! We are a Martial Arts School

Sensei Dervish's Kaizen-Do Karate will provide **your child** with transferable skills that WILL help them in many areas of their life.

They will be more respectful, show more Perseverance, develop increased Confidence, learn to avoid negative peer pressure, do better in school, and build Character.

They will improve Focus, Respect, Discipline, Modesty, Determination, Self-Control, Perseverance, Courtesy, Grit, Integrity, Resilience, Self Esteem, Positive thought, self-defence skills. The list of benefits a Black Belt journey has is endless.

Becoming a Black Belt will help your child be the best version of themselves they can be. Achieving a 1st degree Black Belt is equivalent to attaining GCSEs. As with any educational path, the more educated your child is, the more successful they are.

Sensei Dervish's instructors work hand in hand with lots of school teachers and parents to ensure children do better in school.

If you're looking at getting your son or daughter into a group that helps focus, performance, and behavior, amongst other things, then definitely join Sensei Dervish's Kaizen-Do Karate School.

Ashley S.

Plain and simple, this school will improve every aspect of your child's life.

Now you may ask yourself. Why should I believe you?

My child has taken part in other sports and has not liked them. So how do I know this will be different?

- Sensei Dervish's Kaizen-Do Karate is no ordinary Martial Arts school. As we mentioned, Sensei Dervish's instructors work hand in hand with school teachers and parents to ensure a well-balanced and focused development process for each child.
- Kaizen-Do Karate's Programmes develop and build Character. They teach Focus, Respect, and Discipline, so much more than football, rugby, tennis, dancing, swimming, dodgeball, cricket, and gymnastics. They are a Martial Art School.
- Training to Black Belt improves many skills that are transferable to everyday life. Being a Black Belt will open up so many doors for your child.

If you are just looking for "kicking and punching" and something for your children to do, then Sensei Dervish's Kaizen-Do Karate is not for you. It doesn't just want to keep your child busy once a week. Its final goal is for your child to become the best version of themselves they can be.

How will Kaizen-Do Karate help?

- Your child learns that obstacles are just opportunities to become better. They will want to learn and want to get better.
- They will look at challenges and obstacles as a way to improve.
- They will want to work hard and do better in school and all throughout their life.
- They will believe that their intelligence can be developed.
- They will believe the effort is the way toward mastery and improvement
- They will embrace challenges because they know it will help them get better

As you can see, Kaizen-Do is the best thing YOU can do for YOUR CHILD

You are not paying for Karate. You are paying for the opportunities that Kaizen-Do Karate provides your child that develop attributes and transferable skills that will serve them well throughout their lives.
